

LEAGUE RULES 2025 – 2026

1. NAME

- 1.1 The name will be the “Essex Squash League” or “ESL”
- 1.2 The name may, at the discretion of Essex SRA, be prefixed by the name of the current sponsor(s).

2. OBJECTIVE

- 2.2 The main objective of the Essex Squash League is to provide a structured, competitive, yet friendly environment where clubs can compete against each other. It also places strong emphasis on improving the standard of squash in Essex while encouraging friendship and socialising, particularly after matches.

3. JOINING THE LEAGUE

- 3.1 The league is open to all clubs within Essex.
- 3.2 New clubs must be ratified by the committee.
- 3.3 Teams must ensure they have access to courts on the required dates and be able to provide a post-match meal.
- 3.4 Clubs must be affiliated to England Squash.

4. TEAMS AND REGISTRATION

- 4.1 Teams will consist of five players or three players, depending on the Section.
- 4.2 The number of teams per Division will be at the discretion of the relevant League Secretary.
- 4.3 New teams may be refused entry at the discretion of the relevant League Secretary.
- 4.4 Entry forms must be completed by all participating teams and submitted to the relevant League Secretary by the date published.

5. FORMAT

- 5.1 The season will be split across three distinct periods. The Autumn-Spring season will run from September to April. The Essex Cup will be played from January-March. The Summer Slam will take place from May to July.

6. WINTER SEASON

- 6.1 The Winter season will be split into three divisions: Premier Division, East Division & West Division.
- 6.2 The Premier Division will comprise of a minimum of 8 teams and a maximum of 10. In an 8-team league, each team will play fourteen matches in the first phase, home and away against every team in the division. Following the first phase of matches, the league will split into two halves. The top four teams, known as the 'Super Four', will then play an additional six matches, against each team home and away. The bottom four teams, known as the 'Survival Four', will also play an additional six matches in the same format. The winner of the Super Four will be crowned Essex champion. The team finishing bottom of the 'Super Four' will be relegated.

In a 10-team format, each team will play eighteen matches, home and away against every team in the division. The winner of the league will be crowned Essex Champion. The two teams finishing in the bottom two positions of the division will be relegated.

- 6.3 Division One will be split geographically and known as 'East Division' and 'West Division'. In an 8-team division, these divisions will follow the same format as the Premier Division. In the case of the East/West Division, the team who finishes top of the Super Four will have the option to be promoted to the Premier Division for the Winter Season of the following year. In a 10-team format, the team who finishes top of the East/West Division will be promoted to the Premier Division.

7. SUMMER SLAM

- 7.1 The Summer Season shall be officially referred to as the "Summer Slam" in all league communications, fixtures, and results.
- 7.2 Where feasible, the Summer Slam shall comprise one Premier Division, up to two First Divisions, up to two Second Divisions, and two Third Divisions. This structure may be adjusted to accommodate all existing and new teams. Divisions shall be regionalised, wherever practical, based primarily on club location and typical travel times, to minimise travel distances and costs.
- 7.3 The 2026 Summer Slam will operate as the inaugural season of three-player teams, on a trial basis. League placements will be determined prior to the season based on squad submissions, using SquashLevels rankings as the principal measure of player ability, alongside any additional relevant information provided by clubs. Once the season has commenced, league composition will remain fixed except in exceptional circumstances as approved by the organising committee.
- 7.4 If the three-player team format is deemed successful (based on participation levels, competitiveness of matches, and feedback from players and clubs) the Summer Slam leagues will thereafter operate on an annual promotion and relegation system, consistent with the Autumn-Spring league structure.

8. ELIGIBILITY

- 8.1 All players must be bona fide members of their club. If a player is not eligible, his match and all below will be lost.
- 8.2 A player may not play for more than one club in the same period of the league in any one season. An exception may be made by the relevant League Secretary for a player transferring to a different club and a different division subject to the approval of both clubs.
- 8.3 All teams must nominate a minimum of five players (three players per three person team). Players should be nominated in strength order.
- 8.4 Any player who might play during the season must be nominated to at least the lowest team, including those with long term injuries.
- 8.5 Nominated players may not play in a lower team that season.
- 8.6 Players from a lower team may “play up” for a higher team without being registered for that team. If a player “plays up” for three consecutive matches, without playing for the lower team, then they are automatically nominated for the higher placed team.
- 8.7 A player may play for a team in the East & West Division, providing the teams belong to the same club.
- 8.8 To be eligible for a team’s final two league matches of the season; a player must have made at least two prior appearances for that team in the same season. This rule is intended to prevent the introduction of new players solely for decisive promotion or relegation matches.

9. FIXTURES

- 9.1 Fixtures will be arranged by the League Secretary and communicated to team captains at least three weeks prior to the start of the season.
- 9.2 For the Winter season and Summer Slam, the nights for fixtures are set to improve player availability and ensuring all fixtures are fulfilled. The nights are fixed as such:
 - i) Premier Division matches played on Monday evenings.
 - ii) West Division matches played on Tuesday evenings.
 - iii) East Division matches played on Thursday evenings.
- 9.3 Each team are responsible for setting their own start-time for matches. This should be done at the registration stage. Matches may start no earlier than 18:40 and no later than 19:40.
- 9.4 Fixtures may be postponed or re-arranged only by mutual agreement. There is no obligation to agree to a change of date, and teams should do so only if it is not to their disadvantage.
- 9.5 A team cancelling, or failing to appear, on the day of the match will refund all out-of-pocket expenses of the opposition (i.e. court fees and/or food at a home match, or travel expenses away).
- 9.6 A team giving a walkover must notify the League Secretary, and the team receiving the walkover must submit the online result card listing the players who would have played.

- 9.7 No matches can be mutually agreed to remain unplayed. Any match which remains unplayed at the end of the season, e.g. as a result of a failed re-arrangement, will be deemed to have been conceded by the team originally asking for the postponement.
- 9.8 All matches should be played, re-arranged or conceded. Double-headers should be avoided where possible.

10. MATCHES – IN ADVANCE & ON THE NIGHT

- 10.1 It is the responsibility of the home team to confirm that the visiting team is coming.
- 10.2 It is the responsibility of the home team to book enough court time to complete all the matches.
- 10.3 A change of court for matches may only take place if both players agree.
- 10.4 Teams must play in the correct order of strength, as nominated prior to the season starting and before any subsequent nomination periods (e.g. nomination period 2 for the Winter League).
- 10.5 If an “unfit” player plays, he will be deemed fit enough to play and must, subject to the prior approval of the relevant League Secretary, play in his correct position.
- 10.6 Teams must exchange their list of players of playing order before the match commences. A team not doing so may have the fixture awarded against it.
- 10.7 Each team must have a minimum of three players to complete a league game (two players in the Summer Slam). Any team knowingly having only four/three players will be deemed to be without its no.5 string/no.4 string.
- 10.8 Should a player fail to arrive, that string and all below will be conceded.
- 10.9 The home team shall provide two, unused, Dunlop double-yellow spot balls for every match. If both captains agree, a single yellow spot ball may be used if the temperature drops significantly enough for warrant the use of a single spot.
- 10.10 The Home Club shall provide adequate refreshments for the visiting team after the match.
- 10.11 The visiting team shall pay a fixed contribution of £50 to the Home Club towards the cost of providing refreshments. This payment must be made on the day of the match, unless alternative arrangements have been agreed in advance between the captains.
- 10.12 Any visiting player unable to stay for refreshments must notify their own captain not less than 48 hours before the match. The visiting captain is responsible for informing the Home Club captain within the same timeframe.
- 10.13 The Home Club shall not be required to provide drinks for visiting players. Drinks are the responsibility of individual players, unless both captains agree otherwise prior to the match.

11. SCORING

- 11.1 It is the responsibility of the home team to “mark” every match.

- 11.2 Captains should provide score sheets and pens where possible to assist players marking.
- 11.3 Where possible, players should mark the string nearest to their own standard (e.g. string no.3 marks the string no.4 or string no.2 match).
- 11.4 Matches in the Premier Division in the Winter League and Summer Slam are played best-of-five, PAR scoring to 11, as per the WSF Singles Rules.
- 11.5 All other leagues are played best-of-five, PAR scoring to 15.
- 11.6 One point shall be scored for each individual game won. 5 bonus points will be given to the team who wins the most matches on the night.
- 11.7 It is the responsibility of the home team to submit the match result via the designated online system within three days of the match. Failure to do so may result in a walkover being given to the away side.

12. DETERMINING DIVISIONAL WINNERS

- 12.1 In each division the team with the most points at the end of the season will be the winner.
- 12.2 If two teams are level on points, the team with the higher number of wins will take precedence.
- 12.3 If the teams are level on wins, the aggregate match results between them will decide.
- 12.4 If the aggregate match results of the teams are the same, all the individual games of those matches will count, both for and against.
- 12.5 If all the above still provides no winner, then a playoff match between the two tied sides will be arranged.

13. PROMOTION AND RELEGATION

- 13.1 At the end of the season, the top team in each Division will be promoted.
- 13.2 At the end of the season, the bottom two teams from the Premier Division will be relegated.
- 13.3 Notwithstanding the promotion and relegation criteria, the Divisions may be restructured by the relevant League Secretary.

14. WITHDRAWING FROM THE LEAGUE

- 14.1 Any team may, without penalty, withdraw from the League for the following season provided it advises the relevant League Secretary of its intention prior to the league structure being finalised.
- 14.2 Any team which fails to complete its fixtures, or which withdraws after the league structure has been finalised, will result in all points scored for or against a team cancelled.

15. DECISIONS & APPEALS

- 15.1 Any requests to the Committee for a decision on the Rules must be made by a Club Representative and within seven days of the match or incident to which it relates and must be sent in writing (letter and/or e-mail) to the League Secretary.
- 15.2 The League Secretary, with support from the Committee where required, will adjudicate and respond to the respective Club Representative, within seven days of receiving the request.
- 15.3 Appeals against decisions made by the League Secretary must be submitted in writing to the Committee, within fourteen days of the decision being made.
- 15.4 Appeals can be made in writing to Dave Neller, Essex Squash & Racketball Association Chairman, by email to dneller@essexsra.com.

16. FEES

- 16.1 Each club must pay the League an affiliation fee per team for the upcoming playing season, commencing around September, by 1 October of that calendar year. The Committee will determine the amount of this fee.

SQUASH - SINGLES RULES

The definition of words in *italics* may be found in Appendix 1.

INTRODUCTION

Squash is played in a confined space, often at a high speed. Two principles are essential for orderly play:

Safety: Players must always place safety first and not take any action that could endanger the opponent.

Fair play: Players must respect the Officials and the opponent and play with honesty.

1. THE GAME

- 1.1.** Singles Squash is played in a court between two players, each holding a racket to strike the ball. The court, ball, and racket must meet WSF specifications (see Appendix 5).
- 1.2.** Each *rally* starts with a serve, and the players then return the ball alternately until the *rally* ends (see Rule 6.: The Play).
- 1.3.** Play must be continuous as far as is practical.

2. SCORING

- 2.1.** The winner of a *rally* scores 1 point and serves to begin the next *rally*.
- 2.2.** Each *game* is played to 11 points, except that if the score reaches 10-all, the *game* continues until one player leads by 2 points.
- 2.3.** A *match* is normally the best of 5 *games*, but may be the best of 3 *games*.

3. OFFICIALS

- 3.1.** A *match* should normally be officiated by a Referee, or by a Referee and a Marker. All Officials must keep a record of the score, which player is serving, and the correct *service box*.
- 3.2.** If there is only one Official, that Official is both the Referee and the Marker, to whom a player may *appeal* any call or lack of call made by that Official as Marker to that same Official as the Referee.
- 3.3.** The Officials should be seated at the centre of the back wall, as close to that wall as possible and just above the out-line.
- 3.4.** When addressing players, Officials must use the family name, where possible.
- 3.5. The Marker:**
 - 3.5.1.** must announce the *match*, introduce each *game*, and announce the result of each *game* and of the *match* (see Appendix 2);
 - 3.5.2.** must call “*fault*”, “*down*”, “*out*”, “*not up*” or “*stop*”, as appropriate;
 - 3.5.3.** must make no call, if unsure about a serve or return;
 - 3.5.4.** must call the score without delay at the end of a *rally*, with the server’s score first, preceded by “*hand out*” when there is a change of server;
 - 3.5.5.** must repeat the Referee’s decision after a player’s request for a *let*, and then call the score;
 - 3.5.6.** must wait for the Referee’s decision after a player’s *appeal* against a Marker’s call or lack of a call, and then call the score;
 - 3.5.7.** must call “*Game Ball*” when a player needs 1 point to win a *game*, or “*Match Ball*” when a player needs 1 point to win the *match*;

- 3.5.8. must call “10-all: a player must win by 2 points” when the score reaches 10-all for the first time in each *game*.
- 3.6. The Referee**, whose decision is final:
 - 3.6.1. must postpone the *match* if the court is not satisfactory for play; or suspend play if the *match* is already in progress, and when the *match* resumes later, allow the score to stand;
 - 3.6.2. must allow a *let* if through no fault of either player a change of court conditions affects a *rally*;
 - 3.6.3. may award the *match* to a player whose opponent is not on court ready to play within the time stated in the competition rules;
 - 3.6.4. must rule on all matters, including all requests for a *let* and all *appeals* against a Marker’s call or lack of a call;
 - 3.6.5. must rule immediately if disagreeing with the Marker’s call or lack of a call, stopping play if necessary;
 - 3.6.6. must correct the score immediately if the Marker announces the score incorrectly, stopping play if necessary;
 - 3.6.7. must enforce all the Rules relating to time, announcing “15 seconds”, “Half-time” and “Time”, as appropriate;

Note: It is the players’ responsibility to be close enough to hear these announcements.
 - 3.6.8. must make the appropriate decision if the ball hits either player (see Rule 9.: Ball Hitting A Player);
 - 3.6.9. may allow a *let* if unable to decide an *appeal* against a Marker’s call or lack of call;
 - 3.6.10. must ask the player for clarification if uncertain about the reason for a request for a *let* or an *appeal*;
 - 3.6.11. may give an explanation for a decision;
 - 3.6.12. must announce all decisions in a voice loud enough to be heard by the players, the Marker and the spectators;
 - 3.6.13. must apply Rule 14. (Conduct) if a player’s conduct is unacceptable;
 - 3.6.14. must suspend play if the behaviour of any person, other than a player, is disruptive or offensive, until the behaviour has ceased, or until the offending person has left the court area.

4. THE WARM-UP

- 4.1.** At the start of a *match* the players go on court together to warm up the ball for a maximum of 4 minutes. After 2 minutes the players must change sides, unless they have already done so.
- 4.2.** The players must have equal opportunities to strike the ball. A player retaining control of the ball for an unreasonable time is warming up unfairly and the Referee must apply Rule 14. (Conduct).

5. THE SERVE

- 5.1.** The player who wins the spin of a racket serves first.
- 5.2.** At the beginning of each *game* and after each change of server, the server chooses from which *service box* to serve. While retaining the serve, the server must serve from alternate *boxes*.
- 5.3.** If a *rally* ends in a *let*, the server must serve again from the same *box*.
- 5.4.** If the server moves to the wrong *box* to serve, or if either player is unsure of the correct *box*, the Marker must inform the players which is the correct *box*.

- 5.5.** If there is any dispute about the correct *box*, the Referee must rule.
- 5.6.** After the Marker has called the score, both players must resume play without unnecessary delay. However, the server must not serve before the receiver is ready.
- 5.7.** A serve is good, if:
- 5.7.1. the server drops or throws the ball from a hand or racket and strikes it *correctly* on a first or *further attempt* before it touches anything else; and
 - 5.7.2. at the time the server strikes the ball, one foot is in contact with the floor inside the *service box* with no part of that foot touching any boundary of that *box*; and
 - 5.7.3. the ball is struck directly to the front wall, hitting it between the service-line and the out-line, but does not hit the front and side walls at the same time; and
 - 5.7.4. the ball, unless volleyed by the receiver, bounces for the first time in the opposite *quarter-court* without touching any line; and
 - 5.7.5. the ball is not served *out*.
- 5.8.** A serve that does not comply with Rule 5.7. is a *fault* and the receiver wins the *rally*.
Note: A serve that hits the service-line, or the short-line, or the half-court line, or any line bounding the top of the court, is a *fault*.
- 5.9.** If the server drops or throws the ball, but makes no *attempt* to strike it, this is not a serve, and the server may start again.
- 5.10.** A *let* is allowed if the receiver is not ready to return the serve and does not *attempt* to do so. However, if that serve is a *fault*, the server loses the *rally*.
- 5.11.** If the server serves from the wrong *service box*, which goes unnoticed by players and officials, the result of the *rally* stands. If the server wins the *rally*, then the server serves from the alternate *box*.
- 5.12.** The server must not serve until the score has been called by the Marker, who must do so without delay. In such an event, the Referee must stop play and instruct the server to wait until the score has been called.

6. THE PLAY

- 6.1.** If the serve is good, play continues as long as each return is good, or until a player requests a *let* or makes an *appeal*, or one of the Officials makes a call, or the ball hits either player or their clothing or the non-striker's racket.
- 6.2.** A return is good if the ball:
- 6.2.1. is struck *correctly* before it has bounced twice on the floor; and
 - 6.2.2. without hitting either player, or their clothing or racket, hits the front wall, either directly or after hitting any other wall(s), above the *tin* and below the out-line, without having first bounced on the floor; and
 - 6.2.3. rebounds from the front wall without touching the *tin*; and
 - 6.2.4. is not *out*.

7. INTERVALS

- 7.1.** A maximum of 1 minute is permitted between the end of the warm-up and the start of play, and 2 minutes between each *game*.
- 7.2.** Players must be ready to resume play at the end of any interval, but play may resume earlier if both agree.
- 7.3.** A maximum of 2 minutes is permitted to change damaged equipment. This includes glasses, protective eyewear or a dislodged contact lens. The player must complete the change as quickly as possible, or the Referee must apply Rule 14. (Conduct).
- 7.4.** Intervals in the case of injury or blood injury are specified in Rule 13. (Illness, Injury and Blood Injury).

7.5. During any interval either player may strike the ball.

8. INTERFERENCE

8.1. After completing a reasonable follow-through, a player must make every effort to clear, so that when the ball rebounds from the front wall the opponent has:

- 8.1.1. a fair view of the ball; and
- 8.1.2. access to the ball; and
- 8.1.3. the space for a reasonable swing at the ball; and
- 8.1.4. the freedom to strike the ball to any part of the front wall.

Interference occurs when the player does not provide the opponent making every effort to play the ball with all of these requirements.

8.2. A *striker* who believes that interference has occurred may stop and request a *let*, preferably by saying “Let, please.” That request must be made without undue delay.

Notes:

- The Referee must be satisfied the player is requesting a *let*.
- A request for a *let* includes a request for a stroke.
- Normally, only the *striker* may request a *let* for interference. However, if the non-striker requests a *let* for lack of access before the ball has reached the front wall, that request may be considered, even though that player is not yet the *striker*.

8.3. The Referee, if uncertain about the reason for a request, must ask the player for an explanation.

8.4. The Referee may allow a *let* or award a stroke without a request having been made, stopping play if necessary, especially for reasons of safety.

8.5. If the *striker* strikes the ball and the opponent then requests a *let*, but then the ball goes *down* or *out*, the opponent wins the *rally*.

8.6. General

The following provisions apply to all forms of interference:

- 8.6.1. if there was neither interference nor reasonable fear of injury, no *let* is allowed;
- 8.6.2. if there was interference but the *striker* would not have been able to make a *good return*, no *let* is allowed;
- 8.6.3. if the *striker* continued play beyond the interference and then requested a *let*, no *let* is allowed;
- 8.6.4. if there was interference, but it did not prevent the *striker* from seeing and getting to the ball to make a *good return*, this is minimal interference and no *let* is allowed;
- 8.6.5. if the *striker* would have been able to make a *good return* but the opponent was not making every effort to avoid the interference, a stroke is awarded to the *striker*;
- 8.6.6. if there was interference that the opponent was making every effort to avoid and the *striker* would have been able to make a *good return*, a *let* is allowed;
- 8.6.7. if there was interference and the *striker* would have made a *winning return*, a stroke is awarded to the *striker*.

In addition to Rule 8.6., the following provisions apply to specific situations.

8.7. Fair View

Fair View means enough time to view the ball and prepare to strike it as it returns from the front wall.

- 8.7.1. If the *striker* requests a *let* for lack of fair view of the ball on its return from the front wall, the provisions of 8.6 apply.

8.8. Access

If the *striker* requests a *let* for lack of access to the ball, then:

- 8.8.1. if there was interference but the *striker* did not make every effort to get to and play the ball, no *let* is allowed;

Note: Every effort to play the ball should not include contact with the opponent. If avoidable contact occurs, the Referee must apply Rule 14. (Conduct).

- 8.8.2. if the *striker* had access but took a path to the ball that caused interference, and then requested a *let*, no *let* is allowed, unless Rule 8.8.3. applies;

- 8.8.3. if the *striker* was *wrong-footed* but could recover to make a *good return*, and then encountered interference, a *let* is allowed, unless the *striker* would have made a *winning return*, in which case a stroke is awarded to the *striker*.

8.9. Racket Swing

A reasonable swing comprises a reasonable backswing, a strike at the ball and a reasonable follow-through. The *striker*'s backswing and follow-through are reasonable as long as they do not extend more than is necessary.

If the *striker* requests a *let* for interference to the swing, then:

- 8.9.1. if the swing was or could have been **affected** by the position of the opponent making every effort to avoid the interference, a *let* is allowed, unless the *striker* would have made a *winning return*, in which case a stroke is awarded to the *striker*;

- 8.9.2. if the swing was **prevented** by the position of the opponent, a stroke is awarded to the *striker*, even if the opponent was making every effort to avoid the interference.

8.10. Excessive Swing

- 8.10.1. If the *striker* caused the interference by using an excessive swing, no *let* is allowed.

- 8.10.2. If there was interference but the *striker* exaggerated the swing in attempting to earn a stroke, a *let* is allowed.

- 8.10.3. The *striker*'s excessive swing can contribute to interference for the opponent when it becomes the latter's turn to play the ball, in which case the opponent may request a *let*.

8.11. Freedom to strike the ball to any part of the front wall

If the *striker* refrains from striking the ball because of front-wall interference, and requests a *let*, then:

- 8.11.1. if there was interference and the ball would have hit the non-striker on a direct path to the front wall, a stroke is awarded to the *striker*, unless the *striker* had turned or was making a *further attempt*, in which case a *let* is allowed;

- 8.11.2. if the ball would first have hit the non-striker and then a side wall before reaching the front wall, a *let* is allowed, unless the return would have been a *winning return*, in which case a stroke is awarded to the *striker*; or

- 8.11.3. if the ball would first have hit a side wall and then the non-striker before reaching the front wall, a *let* is allowed unless the return would have been a *winning return*, in which case a stroke is awarded to the *striker*;

- 8.11.4. if the ball would not have hit the non-striker, the provisions of 8.6 apply.

8.12. Further Attempt

If the *striker* requests a *let* for interference while making a *further attempt* to strike the ball, and could have made a *good return*, then:

- 8.12.1. if the non-striker had no time to avoid the interference, a *let* is allowed.

8.13. Turning

Turning occurs when a player rotates in a way that causes them to lose sight of either the ball or the opponent, or when the ball passes behind their body from one side to the other.

If the *striker* encounters interference while turning, and could have made a *good return*, then:

- 8.13.1. if the swing was prevented, even though the opponent was making every effort to avoid the interference, a stroke is awarded to the *striker*;
- 8.13.2. if the non-striker had no time to avoid the interference, a *let* is allowed;
- 8.13.3. if the *striker* could have struck the ball without turning, but turned in order to create an opportunity to request a *let*, no *let* is allowed.
- 8.13.4. When the *striker* turns, the Referee must always consider whether the action was dangerous and rule accordingly.

9. BALL HITTING A PLAYER

- 9.1.** If the ball, on its way **to the front wall**, hits the non-striker or the non-striker's racket or clothing, play must stop; then:
 - 9.1.1. if the return would not have been good, the non-striker wins the *rally*;
 - 9.1.2. if the return was going directly to the front wall, and if the *striker* was making a first *attempt* without having turned, a stroke is awarded to the *striker*;
 - 9.1.3. if the ball had hit or would have hit any other wall before the front wall and the *striker* had not turned, a *let* is allowed, unless the return would have been a *winning return*, in which case a *stroke* is awarded to the *striker*;
 - 9.1.4. if the *striker* had not turned but was making a *further attempt*, a *let* is allowed;
 - 9.1.5. if the *striker* had turned, a stroke is awarded to the non-striker, unless the non-striker made a deliberate movement to intercept the ball, in which case, a stroke is awarded to the *striker*.
- 9.2.** If the ball, on its return **from the front wall**, hits a player before bouncing twice on the floor, play must stop; then:
 - 9.2.1. if the ball hits the **non-striker** or the non-striker's racket, before the *striker* has made an *attempt* to strike the ball and no interference has occurred, the *striker* wins the *rally*, unless the *striker*'s position has caused the non-striker to be hit, in which case a *let* is allowed;
 - 9.2.2. if the ball hits the **non-striker**, or the non-striker's racket, after the *striker* has made one or more *attempts* to strike the ball, a *let* is allowed, providing the *striker* could have made a *good return*. Otherwise, the non-striker wins the *rally*;
 - 9.2.3. if the ball hits the **striker** and there is no interference, the non-striker wins the *rally*. If interference has occurred, Rule 8. (Interference) applies.
- 9.3.** If the *striker* hits the non-striker with the ball, the Referee must consider if the action was deliberate or dangerous and rule accordingly.

10. APPEALS

- 10.1.** Either player may stop play during the *rally* and *appeal* against any lack of call by the Marker by saying "Appeal, please."
- 10.2.** The loser of a *rally* may *appeal* against any call or lack of a call by the Marker by saying "Appeal, please."
- 10.3.** If the Referee is uncertain which return is being appealed, the Referee must ask for clarification. If there is more than one *appeal*, the Referee must consider each one.
- 10.4.** After the ball has been served, neither player may *appeal* anything that occurred before that serve, with the exception of a broken ball.
- 10.5.** At the end of a *game* any *appeal* regarding the last *rally* must be immediate.
- 10.6.** In response to an *appeal* against a Marker's call or lack of call the Referee must:
 - 10.6.1. if the Marker's call or lack of call was correct, allow the result of the *rally* to stand; or

- 10.6.2. if the Marker's call was incorrect, allow a *let*, unless the Marker's call interrupted a *winning return* by either player, in which case award the *rally* to that player; or
 - 10.6.3. if the Marker made no call on a serve or return that was not good, award the *rally* to the other player; or
 - 10.6.4. if the Referee was uncertain whether the serve was good, allow a *let*; or
 - 10.6.5. if the Referee was uncertain whether the return was good, allow a *let*, unless the Marker's call interrupted a *winning return* by the other player, in which case award the *rally* to that player.
- 10.7.** In all cases the Referee's decision is final.

11. THE BALL

- 11.1.** If the ball breaks during a *rally*, a *let* is allowed for that *rally*.
- 11.2.** If a player stops play to *appeal* that the ball is broken, and it is found that the ball is not broken, that player loses the *rally*.
- 11.3.** If the receiver, before *attempting* to return serve, *appeals* that the ball is broken, and the ball is found to be broken, the Referee, if uncertain when it broke, must allow a *let* for the previous *rally*.
- 11.4.** A player who wishes to *appeal* at the end of a *game* that the ball is broken must do so immediately and before leaving the court.
- 11.5.** The ball must be changed if both players agree or if the Referee agrees with one player's request.
- 11.6.** If a ball has been replaced, or if the players resume the *match* after a delay, the players may warm up the ball. Play resumes when both players agree or at the discretion of the Referee, whichever is sooner.
- 11.7.** The ball must remain in the court at all times, unless the Referee permits its removal.
- 11.8.** If the ball becomes wedged in any part of the court, a *let* is allowed.
- 11.9.** A *let* may be allowed if the ball touches any article in the court.
- 11.10.** No *let* is allowed for any unusual bounce.

12. CONDITIONS OF PLAY

- 12.1. Distraction**
 - 12.1.1. Either player may request a *let* because of distraction, but must do so immediately.
 - 12.1.2. If the distraction was caused by one of the players, then:
 - 12.1.2.1. if **accidental**, a *let* is allowed, unless a player's *winning return* was interrupted, in which case the *rally* is awarded to that player;
 - 12.1.2.2. if **deliberate**, the Referee must apply Rule 14. (Conduct).
 - 12.1.3. If the distraction was not caused by one of the players, a *let* is allowed, unless a player's *winning return* was interrupted, in which case the *rally* is awarded to that player.
 - 12.1.4. At some events crowd reactions during play may occur. To encourage spectator enjoyment, Rule 12.1.3. may be suspended, and if sudden crowd noise occurs, players will be expected to continue play and the Referee will not ask spectators to be quiet. However, a player who stops play and requests a *let* because of a loud or isolated noise from off the court may be allowed a *let* for distraction.

12.2. Fallen Object

- 12.2.1. A player who drops a racket may pick it up and play on, unless the ball touches the racket, or distraction occurs, or the Referee applies a Conduct Penalty.
- 12.2.2. A *striker* who drops the racket because of interference may request a *let*.
- 12.2.3. A non-striker who drops the racket because of contact during the striker's effort to reach the ball may request a *let*, and Rule 12.1. (Distraction) applies.
- 12.2.4. If any object, other than a player's racket, falls to the floor during a *rally*, play must stop; then:
 - 12.2.4.1. if the object fell from a player without any contact with the opponent, the opponent wins the *rally*;
 - 12.2.4.2. if the object fell from a player because of contact with the opponent, a *let* is allowed, unless the *striker* has struck a *winning return*, or requests a *let* for interference, in which case Rule 8. (Interference) is applied;
 - 12.2.4.3. if the object falls from a source other than a player, a *let* is allowed, unless the striker's *winning return* was interrupted, in which case the *rally* is awarded to the *striker*;
 - 12.2.4.4. if the object was not seen until the *rally* ended and had no effect on the outcome of the *rally*, the result of the *rally* stands.

12.3. Court Conditions

When court conditions change during play, the following Rules apply:

- 12.3.1. If conditions change through no fault of either player, play must stop, and a *let* is allowed. When play resumes, the score at the time of the interruption stands.
- 12.3.2. If an object falls on the court, Rule 12.2. applies.
- 12.3.3. If a player vomits on the court, Rule 13.1.2. applies.
- 12.3.4. If a player is injured, Rule 13.2. and 13.3. applies.
- 12.3.5. If there is blood on the court, Rule 13.3.1.5. applies.
- 12.3.6. If the court becomes wet because of sweat from the players during normal play, either player may request the court be wiped at the end of a *rally*.
- 12.3.7. If a player, while *attempting* to play the ball, has left a wet area on the court due to slipping, lunging, diving, or any part of their body touching the floor, then:
 - 12.3.7.1. the player who caused the wet area must continue play or concede the *rally*;
 - 12.3.7.2. the opponent may request a *let* before hitting the ball;
 - 12.3.7.3. if play continues, neither player may request a *let* for safety reasons;
 - 12.3.7.4. if the Referee believes the wet area was caused deliberately to gain an advantage, the Referee must apply Rule 14. (Conduct).
- 12.3.8. The Referee:
 - 12.3.8.1. must decide if conditions are safe for play to continue;
 - 12.3.8.2. may allow a *let* without a request having been made, stopping play if necessary for safety reasons.

13. ILLNESS, INJURY AND BLOOD INJURY

Note: For an injury and a blood injury, the time allowed for recovery starts when the Referee has determined the condition is genuine and has decided on its category. Recovery time is permitted only when the injury occurs, and if permitted at the end of a *game* includes the interval between games.

13.1. Illness

- 13.1.1. A player who suffers an illness or physical impediment that does not involve an injury or blood injury (such as a cramp, nausea, a blister, or breathlessness, as well as asthma), must either continue play immediately or concede the *game* in progress and take the game interval, if available, to recover. The player must then resume play or concede the *match*.
- 13.1.2. If a player's vomiting or other action causes the court to become unplayable, the *match* is awarded to the opponent.

13.2. Injury

The Referee:

- 13.2.1. if not satisfied that the injury is genuine, must advise the player to decide whether to resume play immediately, or to concede the *game* in progress and take the game interval, if available, and then resume play or concede the *match*;
 - 13.2.2. if satisfied that the injury is genuine, must advise both players of the category of the injury and of the time permitted for recovery;
- Note: The score at the conclusion of the *rally* in which the injury occurred, stands.
- 13.2.3. if satisfied that this is a recurrence of an injury sustained earlier in the *match*, must advise the player to decide whether to resume play immediately or concede the *game* in progress and take the game interval, if available, and then resume play or concede the *match*.

Note: A player who concedes a *game/match* retains any points/*games* already scored.

13.2.4. Categories of injury:

- 13.2.4.1. **Self-inflicted:** where the injury is the result of the player's own action. This includes a muscle tear or sprain, or a bruise resulting from a collision with a wall or falling over.
The player is permitted up to 3 minutes to recover and, if not then ready to resume play, must concede that *game* and take the game interval, if available, for further recovery. The player must then resume play or concede the *match*.
- 13.2.4.2. **Contributed:** where the injury is the result of accidental action by both players.
The injured player is permitted up to 15 minutes to recover. The player must then resume play or concede the *match*.
- 13.2.4.3. **Opponent-inflicted:** where the injury is caused solely by the opponent.
 - 13.2.4.3.1. Where the injury is **accidentally** caused by the opponent, the Referee may apply Rule 14 (Conduct), and the injured player is permitted up to 15 minutes to recover. If the player is then unable to resume play, the Referee must award the *match* to the injured player.
 - 13.2.4.3.2. Where the injury is caused by the **opponent's deliberate or dangerous play or action**, if the injured player requires any time for recovery, the Referee must award the *match* to the injured player. If the injured player is able to continue without delay, the Referee must apply Rule 14. (Conduct).

13.3. Blood Injury

A blood injury occurs when a player bleeds and the flow is enough to transfer blood to their opponent or the court.

A scrape, graze or nick with no blood flow is not a blood injury and play must continue. Visible blood through a bandage, dressing or covering is not a blood injury.

Note: It is the player's responsibility to cover any existing wounds before going on court. Once a blood injury occurs, the injured player must leave the court, and the Referee must ensure that the injured player returns to the court in the shortest time possible.

13.3.1. Categories of blood injury:

13.3.1.1. **Pre-existing wounds:** If an uncovered or inadequately covered pre-existing wound has caused the blood injury, the injured player must concede the *game* in progress and take the game interval, if available, for treatment. The player must then resume play or concede the *match*.

13.3.1.2. **Self-inflicted:** Where the blood injury is caused by a player's own action or condition (such as a fall, lunge, dive, crowding, nosebleed or similar), the player is permitted up to 5 minutes to stop the blood flow and cover any wound. If the injured player is not ready to resume play after 5 minutes, the player must concede the *game* and take the game interval, if available, for further recovery.

If the same blood injury reoccurs, no further recovery time is permitted, and the injured player must concede the *game* and take the game interval, if available, for further recovery.

If the same blood injury reoccurs and is caused by both players' actions (see 13.3.1.3.: Contributed) the injured player shall have further reasonable time to address the blood injury.

If the injured player cannot resume play within the permitted time, the Referee must award the *match* to the opponent.

13.3.1.3. **Contributed:** where the blood injury is caused by both players' actions, the injured player has reasonable time to stop the blood flow and cover any wound. Reasonable time is determined by the Referee, who may be assisted by on-site medical personnel, if available.

If the same blood injury reoccurs, through no fault of either player or by both players' actions, the injured player shall have further reasonable time to address the blood injury.

If the same blood injury reoccurs, solely due to an action by the injured player, the player shall have no further time to address the blood injury and must concede the *game* and take the game interval, if available, for further recovery.

If the injured player cannot resume play within the reasonable time allowed, the Referee must award the *match* to the opponent.

13.3.1.4. **Opponent inflicted:** where the blood injury is caused solely by the opponent;

13.3.1.4.1. Where the blood injury is caused solely by the opponent's **accidental** action, the Referee may apply Rule 14 (Conduct), and the injured player has reasonable time to stop the blood flow and cover any wound. Reasonable time is determined by the Referee, who may be assisted by on-site medical personnel, if available. If the injured player cannot

resume play in the reasonable time allowed, the Referee must award the *match* to the injured player.

If the same blood injury reoccurs, through no fault of either player or by both players' actions, the injured player shall have further reasonable time to address the blood injury. If the blood flow cannot be stopped in a reasonable time the Referee must award the *match* to the injured player.

If the same blood injury reoccurs, solely due to an action by the injured player, the player shall have no further time to address the blood injury and must concede the *game* and take the game interval, if available, for further recovery. If the injured player cannot then resume play, the Referee must award the *match* to the opponent.

13.3.1.4.2. Where the blood injury is caused by the **opponent's deliberate or dangerous play or action**, the Referee must apply Rule 14. (Conduct) and award the *match* to the injured player.

13.3.1.5. Where there is a stoppage in play, the court must be cleaned, and bloodstained clothing replaced.

13.4. An injured player may resume play before the end of any permitted recovery-period. Both players must be given reasonable time to prepare to resume play.

13.5. It is always the injured player's decision whether or not to resume play.

14. CONDUCT

14.1. Players must comply with any tournament regulations additional to these Rules.

14.2. Players may not place any object within the court.

14.3. Players may not leave the court during a *game* without the permission of the Referee.

14.4. Players may not request a change of any Official.

14.5. Players must not behave in a manner that is unfair, dangerous, abusive, offensive, or in any way detrimental to the sport.

14.6. If a player's conduct is unacceptable, the Referee must penalise the player, stopping play if necessary.

Unacceptable behaviour includes, but is not limited to:

14.6.1. audible or visible obscenity;

14.6.2. verbal, physical or any other form of abuse;

14.6.3. unnecessary physical contact, which includes pushing off the opponent;

14.6.4. deliberate or dangerous play, including an excessive racket swing and turning;

14.6.5. dissent to an Official;

14.6.6. attempting to influence the Referee;

14.6.7. abuse of equipment or court;

14.6.8. unfair warm-up;

14.6.9. delaying play, including being late back on court;

14.6.10. deliberate distraction;

14.6.11. receiving coaching during play.

14.7. A player guilty of an offence may be given a Conduct Warning or penalised with a Conduct Stroke, a Conduct Game, or a Conduct Match, depending on the severity of the offence.

- 14.8.** The Referee may impose more than one warning, stroke or *game* to a player for a subsequent similar offence, providing any such penalty may not be less severe than the previous penalty for the same offence.
- 14.9.** A warning or a penalty may be imposed by the Referee at any time, including during the warm-up and following the conclusion of the *match*.
- 14.10.** If the Referee:
- 14.10.1. stops play to issue a Conduct Warning, a *let* is allowed;
 - 14.10.2. stops play to award a Conduct Stroke, that Conduct Stroke becomes the result of the *rally*;
 - 14.10.3. awards a Conduct Stroke after a *rally* has finished, the result of the *rally* stands, and the Conduct Stroke is added to the score with no change of *service box*;
 - 14.10.4. awards a Conduct Game, that *game* is the one in progress or the next one if a *game* is not in progress. In the latter case an additional game interval does not apply;
 - 14.10.5. awards a Conduct Game or a Conduct Match, the offending player retains all points or *games* already won.
- 14.11.** When a Conduct Penalty has been imposed, the Referee must complete any required documentation.

APPENDIX 3 - VIDEO REVIEW

The video review system may be used where the technology is available. The system involves two officials: a “Match Referee” (MR) and a “Video Referee” (VR). The goal of the video review system is to give a player the chance of a second opinion and for the VR to make a final decision following the MR's original decision. For the game to remain as continuous as possible, the VR needs to come to a decision as quickly and efficiently as possible.

Rules/Procedure

The MR will control the match as usual but will always be in direct communication with the VR via a headset or earpiece. The MR should confer with the VR when necessary to ensure the correct outcome of a rally.

3.1. Player Review

- 3.1.1. A player may request a review (“Player Review”) on Stroke, Yes Let, and No Let decisions given by the MR. It can also be used to appeal to a pickup or double hit or carry call or the lack of a call by the MR.
- 3.1.2. Best of 5 game matches: each player receives a total of 2 video reviews per match. If the match reaches a fifth game, each player will receive one additional video review, regardless of how many video reviews have been used in the previous four games. Unused reviews are not carried over into the fifth game.
- 3.1.3. Best of 3 game matches: each player receives 1 video review per match. If the match reaches a third game, each player will receive one additional video review, regardless of how many video reviews have been used in the previous two games. Unused reviews are not carried over into the third game.
- 3.1.4. The player must clearly and immediately ask the MR for a review.
- 3.1.5. The MR then announces:
 - 3.1.5.1. When a player is requesting a player review on a decision:
 - “Player review, <player's surname>, on the ‘Stroke’ decision”; or
 - “Player review, <player's surname>, on the ‘Yes Let’ decision”; or
 - “Player review, <player's surname>, on the ‘No Let’ decision”.
 - 3.1.5.2. When a player is requesting a player review on the pickup, double hit or carry call or lack of a call:
 - Player review, <player's surname>, on the ‘good’ decision; or
 - Player review, <player's surname>, on the ‘not good’ decision.
- 3.1.6. The replays will be shown on the screens and the decision of the VR, whose decision is final, will be also displayed on the screens. Note that:
 - 3.1.6.1. If the original decision is overruled by the VR, the player keeps the review.
 - 3.1.6.2. If the original decision is upheld by the VR, the player loses the review.
 - 3.1.6.3. If the original decision is overruled by the VR but against the reviewing player, the player loses the review. For example, if a player appeals expecting to turn a Yes Let into a Stroke, but the video referee turns a Yes Let into a No Let, the player loses the review.
- 3.1.7. The MR then announces:
 - 3.1.7.1. When the original decision is upheld by the VR:
 - “Stroke to <player A surname>, decision upheld, <player B surname> has no (or x) reviews remaining”; or
 - “Yes Let, decision upheld, <player's surname> has no (or x) reviews remaining”; or
 - “No Let, decision upheld, <player's surname> has no (or x) reviews remaining”; or
 - “The pickup was good, decision upheld, <player's surname> has no (or x) reviews remaining”; or

- “The pickup was not up, decision upheld, <player’s surname> has no (or x) reviews remaining”.
- 3.1.7.2. When the original decision is overruled by the VR:
- “Stroke to <player’s surname>, decision overruled, <player’s surname> has x reviews remaining”; or
 - “Yes Let, decision overruled, <player’s surname> has x reviews remaining”; or
 - “No Let, decision overruled, <player’s surname> has x reviews remaining”; or
 - “The pickup was good, decision overruled, <player’s surname> has x reviews remaining”; or
 - “The pickup was not good, decision overruled, <player’s surname> has x reviews remaining”.
- 3.1.8. If the video review is unavailable or a pickup or double hit or carry review comes back inconclusive, the player keeps the review. The MR then announces:
- “Video review is currently unavailable due to technical difficulties. The original decision stands”; or
 - “Inconclusive, Yes Let, <player’s surname> has x reviews remaining”.

3.2. Video Referee Decision

- 3.2.1. The MR retains the right to refer to any decision, including pickup or double hit or carry calls to the VR if unsure of the correct decision on an appeal that has not yet given a decision. The MR may ask for a “Video Referee Decision” as many times as required, and this does not count as one of a player’s video reviews.
- 3.2.2. The MR initiates a video referee decision by announcing:
- “Video Referee decision on <player’s surname> appeal”; or
 - “Video Referee please check <player’s surname> pickup in the front left”.
- 3.2.3. The VR makes the final decision which is announced by the MR:
- “Stroke to <player’s surname>”; or
 - “Yes Let”; or
 - “No Let”; or
 - “The pickup was good”; or
 - “The pickup was not up”.

3.3. Video Referee Overrule

- 3.3.1. Players cannot request a review for lines calls or tin calls.
- 3.3.2. If the VR observes video footage that is deemed conclusive, the VR can communicate this to the MR before the start of the next rally, enabling a fair outcome of the rally.
- 3.3.3. In that case, the MR then announces:
- “Video Referee has conclusive evidence that the ball was good, point to <player’s surname>”; or
 - “Video Referee has conclusive evidence that the ball was down, point to <player’s surname>”; or
